Your one-stop resource for information on diagnosis, treatment, guidelines, the latest research, and breaking news from the field.

DSM-5® is Available @ PsychiatryOnline.org

NEW!

Includes ICD-10-CM Codes

Textbooks, Journals, and Professional Development Tools, Including CME
**PsychiatryOnline.org** offers the most comprehensive online access to psychiatric textbooks, journals, and professional development tools. This all-in-one virtual library provides psychiatrists, psychologists, and mental health professionals with key resources for diagnosis, treatment, research, and professional development.

- Global search and browse options and search results pages across all PsychiatryOnline.org resources enable the most comprehensive, powerful psychiatric database searches available.
- Search results pages suggest related journal articles, book chapters, practice guidelines, and PubMed articles, enabling you to expand your psychiatric and psychological knowledge quickly.
- Psychiatric-specific topic collections cross-cut all PsychiatryOnline.org resources for each topic, including hospital treatment and discharge, mood disorders, and substance-related disorders. You will be able to find information in your areas of interest easier than ever before!
- PsychiatryOnline.org includes a mobile interface

Start your professional library with the core DSM SELECT subscription package, then continue to build your professional online library by adding selected textbooks and Study Guides plus CME that suit your needs.
A DSM SELECT subscription at PsychiatryOnline.org brings you a rich, well-rounded psychiatry and psychology collection covering diagnosis and differential diagnosis, case vignettes, multidisciplinary treatment guidelines, and the latest research—all within a single search interface that integrates books and journals.

Your 12-month subscription includes access to:

**Textbooks:**
- DSM-5® (Includes ICD-10 codes)
- DSM-5® Handbook of Differential Diagnosis
- DSM-5® Clinical Cases
- American Psychiatric Association Practice Guidelines in both comprehensive and quick-reference formats
- Gabbard’s Treatments of Psychiatric Disorders, Fifth Edition

**Three peer-reviewed journals:**
- The American Journal of Psychiatry
- Psychiatric Services
- The Journal of Neuropsychiatry and Clinical Neurosciences
- Plus Psychiatric News

Journal access now goes back to Volume 1, Issue 1—for The American Journal of Psychiatry that dates back to 1844.

**Patient Education Materials:**
- What Your Patients Need to Know About Psychiatric Medications, Second Edition

PsychiatryOnline.org now offers more than the core DSM SELECT subscription package. Build your custom library by adding textbooks and self-assessments plus CME to your core DSM Select. Pay for only those additional titles you want and need.

**Textbooks**

*The American Psychiatric Publishing Textbook of Substance Abuse Treatment, Fifth Edition*
Edited by Marc Galanter, M.D., Herbert D. Kleber, M.D., and Kathleen T. Brady, M.D., Ph.D.

This is the most authoritative reference for clinicians and researchers in the field of addiction and an excellent manual for residents in psychiatry, general medicine, and allied fields. This edition retains the structure of the last while incorporating new material on a variety of topics and integrating the new DSM-5® classification throughout.

*NEW!*

Edited by David C. Steffens, M.D., M.H.S., Dan G. Blazer, M.D., Ph.D., and Mugdha E. Thakur, M.D.

This is the definitive text on diagnosing and treating mental disorders among the elderly. In addition to being thoroughly revised to incorporate the most recent and reliable data available, the book is also DSM-5® concordant, reflecting the new structure and classifications clinicians must know to function in today's health care environment.

*NEW!*

*Textbook of Traumatic Brain Injury, Second Edition*
Edited by Jonathan M. Silver, M.D., Thomas W. McAllister, M.D., and Stuart C. Yudofsky, M.D.

This new edition has been thoroughly revised and updated to reflect the exponential expansion of research and clinical data. This textbook addresses epidemiology and pathophysiology; neuropsychiatric disorders; neuropsychiatric symptomatologies; special populations and issues; and treatment. The volume also features five new chapters on such timely and critical topics as posttraumatic stress disorder, TBI in the context of war, and epidemiology in military and civilian populations.

**Dulcan’s Textbook of Child and Adolescent Psychiatry**

Edited by Mina K. Dulcan, M.D.

In this thoroughly revised second edition, the editor and chapter authors, leaders in the field of child and adolescent mental health, have again provided a complete, state-of-the-art textbook with notable updates and improvements that enhance accessibility and learning. The textbook reflects the new DSM-5 classifications that all clinicians and trainees must know to function in today's health care environment.

**Textbook of Psychotherapeutic Treatments**

Edited by Glen O. Gabbard, M.D.

The *Textbook of Psychotherapeutic Treatments* addresses all the major psychotherapeutic modalities in one comprehensive, authoritative volume, making it an indispensable resource for all students and practicing psychotherapists, whatever their background—psychiatry, psychology, or social work. In addition to individual therapies, the book addresses group, conjoint, and family therapies. Integrative forms of psychotherapy are covered, as well.
