## B) COUNTER4

Please note that COUNTER4 usage data is available up to and including March 31, 2021. Access to historical COUNTER4 usage data will continue after March 2021. COUNTER5 usage data will continue to be generated and available.

Under “COUNTER4 Usage Reports” select the date range, report types, and report format. For “SELECT RECIPIENT” you have the option to select administrators of your institution or manually enter any email. Once all data fields are complete, hit “Submit” and the requested reports will be sent to the designated email\*.

\*Please note that if you do not receive the usage report email within 15 minutes from psychiatryonline.org it is possible that our system generated email is being blocked at your server level as SPAM or junk. Please check your SPAM or junk email. If the message is not found, please contact [institutions@psych.org](mailto:institutions@psych.org).

## COUNTER4 Report Types and Definitions:

### Journal Report 1: Monthly and YTD Data for Journals

- *The American Journal of Psychiatry*
- *Psychiatric Services*
- *The Journal of Neuropsychiatry & Clinical Neurosciences*
- *Focus*
- *Psychiatric News*
- *The American Journal of Psychotherapy*
- *Psychiatric Research and Clinical Practice*

### Journal Report 1a: Monthly and YTD Data for Journals Included in the *Psychiatry Legacy Collection*.

Includes content published through December 31, 1996 for the following. Please note unless your institution has purchased perpetual access to the *Psychiatry Legacy Collection*, there will be no activity to generate a report.

- *The American Journal of Psychiatry*, Volumes 1-153, Years covered: 1844-1996
  - Volume 1 (1844) thru 77 (1921) published as *The American Journal of Insanity*
- *The Journal of Neuropsychiatry & Clinical Neurosciences*, Volumes 1-9, Years covered: 1989-1996
- *Psychiatric Services*, Volumes 1-48, Years covered: 1950-1996
  - Volumes 1 (1950) through 15 (1964) published as *Hospital & Community Psychiatry*
- *The American Journal of Psychotherapy*, Volumes 1-50, Years covered: 1947-1996.

**Journal Report 2:** Access denied data to full-text articles by month, journal and category.

**Journal Report 5:** Number of Successful Full-Text Article Requests by Year and Journal.

**Platform Report 1:** Provides total searches, results clicks and record views by month and platform.

**Book Report 1:** Provides monthly and YTD data for *Book of the Month*, *Study Guides*, *DSM Archives*, *Practice Guidelines*, and *eBook* content (available only as single-PDF downloads or EPUB downloads).

**Book Report 2:** Provides monthly and YTD data for current edition of *DSM Library*, *The Introductory Textbook of Psychiatry (7<sup>th</sup> Edition)*, *Textbooks, For Patients*, and *Psychotherapy* content. This report is tracking the number of successful requests for portions of larger works (titles) that is served as HTML.

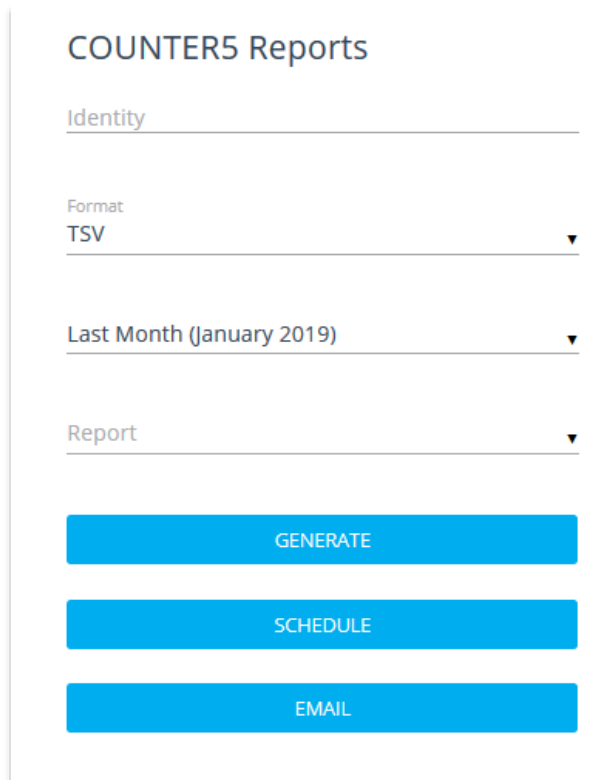

**Book Report 3:** Provides access denied data to content items by month, title and category.

**C) COUNTER5**

Under “COUNTER5 Usage Reports” hit “Go to Atypon Insights” button. This button will open a new window with the report menu.

- 1) The next screen will auto populate your account in the “Identity” field. Select your preferred file format, date range, and report type. Select “Generate” to have the report instantly run and open. You can also schedule the report to run at a later time or email the report to yourself or a colleague\*.

\*Please note that if you do not receive the usage report email within 15 minutes from [analytics-noreply@atypon.com](mailto:analytics-noreply@atypon.com) it is possible that the system generated email is being blocked at your server level as SPAM or junk. Please check your SPAM or junk email. If the message is not found, please contact [institutions@psych.org](mailto:institutions@psych.org) .

## COUNTER5 Report Types and Definitions:

- Please see all available report types below:

### Title Reports

See [Title Reports](#), in the COUNTER Code of Practice for Release 5, for details on host types, report header information, column headings, filters, and attributes.

Identifier	Report Name	Description
TR	Title Master Report	Shows activity across all metrics for entire titles, which may be books or journals.
TR_B1	Book Requests (excluding OA_Gold)	Shows full-text activity for all book content that is not Gold Open Access. This is a pre-set standard view of the TR.
TR_B2	Book Access Denied	Shows where users were denied access to books because simultaneous use (concurrency) licenses were exceeded, or their institution did not have a license for the database. This is a pre-set standard view of the TR.
TR_B3	Book Usage by Access Type	Shows all applicable metric types for books, broken down by Access_Type. This is a pre-set standard view of the TR.
TR_J1	Journal Requests (Excluding OA_Gold)	Shows full-text activity for all journal content that is not Gold Open Access. This is a pre-set standard view of the TR.
TR_J2	Journal Access Denied	Shows where users were denied access to journals because their institution did not have a license for the content, or simultaneous use (concurrency) licenses were exceeded. This is a pre-set standard view of the TR.
TR_J3	Journal Usage by Access Type	Shows all applicable metric types for journals, broken down by Access_Type. This is a pre-set standard view of the TR.
TR_J4	Journal Requests by YOP (Excluding OA_Gold)	Shows the full-text journal usage of non-Gold Open Access content, broken down by year of publication (YOP). This is a pre-set standard view of the TR.

### Platform Reports

See [Platform Reports](#), in the COUNTER Code of Practice for Release 5, for details on host types, report header information, column headings, filters, and attributes.

Identifier	Report Name	Description
PR	Platform Master Report	Shows activity across all metrics for entire platforms.
PR_P1	Platform Usage	Shows total and unique item requests, as well as platform searches. This is a pre-set standard view of the PR.

## Database Reports

See [Database Reports](#), in the COUNTER Code of Practice for Release 5, for details on host types, report header information, column headings, filters, and attributes.

Identifier	Report Name	Description
DR	Database Master Report	Show activity across all metrics for entire databases or fixed collections of content which behave like a database.
DR_D1	Database Search and Item Usage	Shows total item investigations and requests, as well as searches. This is a pre-set standard view of the DR.
DR_D2	Database Access Denied	Shows where users were denied access because simultaneous use (concurrency) licenses were exceeded, or their institution did not have a license for the database. This is a pre-set standard view of the DR.

## Item Reports

See [Item Reports](#), in the COUNTER Code of Practice for Release 5, for details on host types, report header information, column headings, filters, and attributes.

Identifier	Report Name	Description
IR	Item Master Report	Shows activity across all metrics for single items, such as articles or book chapters.
IR_A1	Journal Article Requests	A Standard View of IR showing total item requests for journal articles. This is a pre-set standard view of the IR.
IR_M1	Multimedia Item Requests	This report, which shows total requests for multimedia items, is not supported at this time.

\* Please note that under COUNTER5 definitions PsychiatryOnline is a “Platform” rather than a “Database”. While the Database reports are available to select, they will not pull data as PsychiatryOnline does not meet the Database definition and it is recommended that the Platform reports are run instead.

- To see all Metric Types Available, please visit <https://www.projectcounter.org/code-of-practice-five-sections/4-1-usage-reports/#itemrpts>

### **Differences between COUNTER4 and COUNTER5:**

Changes from Release 4 to Release 5 of the COUNTER Code of Practice, as well as how Atypon Insights implements these changes, may affect the way you access COUNTER reports. The following are important differences with COUNTER5 reports:

- COUNTER5 reports are offered exclusively through the Insights interface, for publishers and institutional administrators. Within Insights, institutional administrators can only view and generate COUNTER reports, and only for the institutions they manage.
- COUNTER5 reports for each month are available starting on the fifth day of the following month. For example, COUNTER5 reports for January 2021 are available on February 5th, 2021, Coordinated Universal Time (UTC). This means you cannot retrieve partial month reports for the current month.
- Each COUNTER5 Report must be generated or scheduled one at a time, rather than as a batch. This is in accordance with the COUNTER5 specification, which requires that each COUNTER5 report be output as a separate file.
- Three reports available in COUNTER5 have no equivalent COUNTER4 report. Journal Report 3 Mobile, Title Report 1 Mobile, and Title Report 3 Mobile.
- To control the size of reports, COUNTER5 reports suppress rows with zero usage. Zero usage is no longer a requirement of the COUNTER5 specification.

For more information on COUNTER5 please see the below resources:
